CLAY COUNTY
OFFICIAL ACTION No. 2019-391
IFB No. 49-19 MACFP 2020 Model Year Metro Vehicle Bid

This AGREEMENT, made and entered into this 21 day of November, 2019, by and between Clay County, Missouri, hereinafter referred to as "County," and Molls Toyota, Inc., a corporation in the State of Missouri, hereinafter referred to as "Vendor," WITNESSETH, that:

WHEREAS, the County has caused to be prepared certain Agreement documents, General Terms and Conditions, Special Conditions and/or Specifications, Invitation For Bid (IFB) for Term and Supply Agreement and any special bid clauses/addenda listed under Special Attachments below (hereinafter "Agreement Documents"), said Agreement Documents setting forth such equipment, supplies, labor and/or services to be furnished as therein fully described and;

WHEREAS, the County desires to engage Vendor to provide such products/services.

NOW, THEREFORE, in consideration of the mutual covenants and considerations herein contained, IT IS HEREBY AGREED by the parties hereto as follows:

1. The County employs Vendor to provide the services hereinafter set forth.

2. PRODUCTS AND/OR SERVICES: The Vendor represents that it is equipped, competent, and able to provide, and that it will provide all products and/or services hereinafter set forth in a diligent, competent, and workmanlike manner. Vendor will provide all such products and/or services in accordance with the following provisions, incorporated into this Agreement as if set forth in full herein: County's Invitation For Bid No. 49-19 (hereinafter "IFB"), the Vendor's Response to the IFB, "Bid"), which includes Payment Terms/Fee Schedule(s), Scope of Work ("Scope"), and Agreement Terms and Conditions. In the event of any conflict between provisions in the appendices attached herein, the provisions set forth in the Agreement Terms and Conditions shall control.

3. PAYMENT AND ADDITIONAL SERVICES: If additional services are requested by the County, the Vendor shall prepare and submit to the County an estimate of the total cost associated with such additional services. The County will review and approve in writing such cost estimate for additional services, and the total compensation and reimbursement to be paid by the County to the Vendor for such approved additional services shall not exceed the approved amount. The Vendor's fees for additional services shall be billed on an hourly basis at Vendor's current standard rates.

4. TERM: The Agreement shall be in effect from the date of Authorized Agent of the County approval via a signed official action for an initial period of one year. Pricing shall remain the same as specified in the IFB for the duration of the Agreement, unless otherwise stated within the Agreement. Clay County shall have the right, at its sole option, to renew the Agreement for four additional one-year periods, or any portion thereof. This Agreement shall automatically renew annually for a period of four times unless either party notifies the other of intent not to renew, modify or alter terms of the IFB. Notification must be in writing within a minimum of 30 days prior to end date of an annual renewal period.

5. TERMINATION: Clay County shall have the right to terminate the Agreement at any time, for the convenience of Clay County, without penalty or recourse, by giving written notice to the Vendor at least thirty calendar days prior to the effective date of such termination. Vendor shall be entitled to receive compensation for services and supplies delivered to and accepted by the County pursuant to the Agreement prior to the effective date of termination.

6. This Agreement shall be binding on the parties hereto only after it has been duly executed and approved by the Authorized Agent of the County. The Vendor has previously indicated their approval and agreement to enter into a binding Agreement by virtue of their signature on the IFB cover page thereby declaring their understanding, agreement and certification of compliance to provide the items and/or services, at the prices quoted, in accordance with all requirements and specifications contained therein and the Agreement Terms and Conditions.

WITNESS WHEREOF, Clay County represents that the signatories below have full authority and authorization to sign on behalf of Clay County and hereby accept the Bid Responses from Molls Toyota, Inc.

1. INTRODUCTION AND GENERAL INFORMATION

This section of the IFB includes a brief introduction and background information about the intended acquisition for which the requirements herein are written. The contents of this section are intended for informational purposes and do not require a response.

Submittal Instructions and Determination of Award information can be found on our website by clicking the following link https://www.claycountymo.gov/departments/purchasing/CurrentSolicitations

1.1 Purpose:

1.1.1 This document constitutes a request for competitive, sealed proposals from prospective Vendors for MACPP 2020 Model Year Metro Vehicle Bld in accordance with the requirements and provisions stated herein.

1.1.2 Document Contents: This document is divided into the following parts:

- Section 1: Introduction and General Information
- Section 2: Scope of Work
- Section 3: Agreement Terms and Conditions Acknowledgement Form

Exhibit A: Pricing
Exhibit B: Experience and Expertise
Exhibit C: Lease Terms Information
Exhibit D: Miscellaneous Information

Attachment 1: Sealed Bid Label
Attachment 2: List of Participating Agencies
Attachment 3: Jackson County Review Compliance Form
Attachment 4: Jackson County Affidavit Form

1.2 Pre-Bid Meeting (Non-Mandatory):

1.2.1 A Non-Mandatory Pre-Bid Meeting regarding this Invitation for Bid will be held on Wednesday, October 2, 2019 beginning at 2:00 pm Central Time at Clay County Administration Building, 1 Courthouse Square; 3rd Floor Commission Hearing Room Liberty, MO 64068.

1.2.2 The IFB will be used as the agenda for the Pre-Bid Meeting.

1.2.3 Pre-Bid Meeting IFB Questions: All potential Vendors are encouraged to participate in the Pre-Bid Meeting as it will be used as a forum for questions, communications, and discussions regarding the IFB. The Vendor should become familiar with the IFB and develop all questions prior to the Meeting in order to ask questions and otherwise participate in the public communications regarding the IFB.

a. Prior Communication – Prior to the Pre-Bid Meeting, the Vendor may submit written communications and/or questions regarding the IFB to Purchasing2@ClayCgov.com. Such prior communication will provide Clay County with insight into areas of the IFB which may be brought up for discussion during the Meeting and which may require clarification.

b. During the Pre-Bid Meeting, the County will attempt to respond to all previously received questions/concerns regarding the IFB but it shall be the sole responsibility of the Vendor to orally address any issues previously presented to the County by the Vendor that the County may have failed to address.

c. Addendum to the IFB – Any changes needed to the IFB as a result of discussions from the Pre-Bid Meeting will be accomplished as an addendum to the IFB. Formal minutes of the Meeting shall not be maintained. Any questions that require a revision to the IFB shall be accomplished as an amendment to the IFB.

1.3 Questions:

1.3.1 Questions relating to the IFB must be submitted via the www.PublicPurchase.com website or emailed to Purchasing2@ClayGov.com.

1.3.2 All questions and issues should be submitted no later than Friday October 11, 2019. If not received prior to the aforementioned date, the County may not be able to fully research and consider the respective questions or issues.

1.4 Background Information:

1.4.1 The Mid-America Council of Public Procurement (MACPP) was founded in October 1982 to meet and serve the needs of area public purchasing professionals.
   a. The chapter was chartered as the 31st chapter of NIGP on January 3, 1983.
   b. The 35 original charter members of MACPP were a diverse group of men and women representing many public sector agencies from both sides of the Missouri/Kansas border - 21 were from Missouri and 14 from Kansas.

1.4.2 Over the past 30 years, this Vehicle Metro Bid has been utilized as a resource for the various members of the MACPP to obtain cooperative purchasing power of vehicles and take advantage of cost savings that a cooperative bid is able to provide.
   a. For the previous 3 years, the MACPP Vehicle Metro Bid has been handled by Johnson County, Kansas and its Treasury and Financial Management Department, through Dale Bauer, Senior Purchasing Administrator.

1.4.3 Energy Conservation and Fuel Alternative Information has been provided through cooperation with the Kansas City Regional Clean Cities Coalition; (www.cleancities.energy.gov/coalitions/kansas-city) housed at the Metropolitan Energy Center; (www.metroenergy.org) and their efforts to provide information on a variety of sustainable resources and cleaner burning fuel options.
   a. For additional resources and motivation for sustainable and alternative purchasing check with Metro Kansas City Climate Action Coalition; www.mkccac.org.
   1. MKCCAC’s mission is to enact and foster proactive strategies, systems and structures within the Metro KC region that will drawdown greenhouse gases, improve climate resiliency and generate corresponding economic, social, health and quality of life benefits.

1.4.4 While this current Invitation for Bid is very comprehensive, it is not practical nor the intent to price every conceivable option/vehicle configuration.
   a. Buyers are encouraged to contact dealers for additional information and to confirm pricing prior to placing an order.
   b. Agencies and/or other Jurisdictions are encouraged to review the “low overall price” before buying a vehicle.
   c. Options added to the base bid amount may change the “low overall price” and therefore, the lowest priced dealer.

1.4.5 Although an attempt has been made to provide accurate and up-to-date Information, Clay County does not warrant or represent that the background information provided herein reflects all relationships or existing conditions related to this Invitation for Bid.

1.5 Estimated Quantities:

1.5.1 The County shall not guarantee any minimum or maximum amount of the Vendor’s products/services that may be required under the Agreement.
   a. The Vendor shall provide products/services on an as needed, if needed basis.
   b. The County shall not guarantee any usage of the Agreement whatsoever.

2. **SCOPE OF WORK**

The general terms and conditions described herein apply to all transactions on material, equipment, or supplies. By submitting a bid, the Vendor agrees to be bound by these terms and conditions for the term of the Agreement. These terms and conditions shall prevail unless otherwise modified by the County within this bid document. The intent of this Invitation to bid to solicit bids and award price agreements for the 2020 model year cars, trucks, vans, and cab and chassis required by the participating entities named in this document. The price agreement period will be binding for the initial model year period, with the possibility of four, one-year extensions.

2.1 **Specific Requirements:**

2.1.1 The Vendor shall provide a MACPP 2020 Model Year Metro Vehicle Bld, which meets or exceeds the specifications contained in this document.

2.1.2 Vehicle Minimum Specification sheets for each item are attached.
   a. See Exhibit A; Pricing Table 1: Required Pricing
   b. Incomplete bids may be rejected.
   c. Vendor responses must be legible or the bid may be rejected.

2.1.3 Vendors must comply with all special requirements of the participating Entities, Agencies and/or Jurisdictions Including any Occupational or Business License requirements.

2.1.4 Vehicles shall be the latest models in standard production, as ordinarily furnished to the general public, except as otherwise specified herein.
   a. Dealer shall submit production schedules with the bid package.
   b. The County may permit the substitution of a new replacement model or a new replacement product line if the model, series or the product line originally awarded becomes unavailable, is discontinued, replaced, etc., by the OEM.
   c. The awarded price, as well as, any discounts will continue to be applied to the MSRP for the replacement.
   d. This Invitation for Bid and the resultant award covers the outright purchase of new, current model year vehicles.
      1. Under no circumstances may "Demos" or "Used" or "Pre-Owned" or prior model year vehicles be sold under this Agreement.

2.1.5 All safety items and air pollution controls as required by Federal and State Statute and regulations shall be included or the vehicle when delivered.
   a. Options requested shall not be in conflict with or construed as modifying these statutes or regulations

2.1.6 All vehicles shall be corrosion protected, and a copy of the manufacturer's corrosion warranty and any applicable sticker shall be provided to the purchasing agency with delivery of vehicle.

2.1.7 The Manufacturer's Standard Factory Warranty shall apply to all vehicles.
   a. The Vendor shall warrant the vehicle and furnish equipment against part failure or malfunction due to design, construction or installation error, defective workmanship, and missing or incorrect parts for a minimum of twelve (12) months.
   b. However, if the Vendor receives from any supplier additional warranty on the whole or any components of the vehicle in the form of time or mileage, including any pro-rate arrangements, or the Vendor

Vendor’s Initials: [Signature]
generally extends to their commercial customers a greater or extended coverage, the Lead Agency shall receive corresponding warranty benefits.

c. The manufacturer’s standard warranty shall be honored by all manufacturers’ dealers in Missouri and Kansas.

d. A properly executed Warranty must be delivered with the vehicle.
e. The Warranty shall not become effective until the unit is placed in service.

2.1.8 Corporate Average Fuel Economy (CAFE) Standard Requirement:

a. The Vendor shall only provide vehicles under Agreement from manufacturers that meet the federal government’s Corporate Average Fuel Economy (CAFE) standard as established by the National Highway Traffic Safety Administration (NHTSA) for the respective class of vehicle stated in the IFB.

b. The Vendor shall provide the Miles Per Gallon (MPG) or electric vehicle MPG equivalent (MPGe) ratings for each vehicle bid.

2.1.9 Alternative Fuel Options

a. Vendors should respond with an alternative fuel option where possible, as there is an expanded emphasis on alternative fuel options this year.
   1. See Exhibit A; Pricing Table 3: Optional Pricing: Alternative Fuel Options.

b. Gaseous Fuels (CNG and LPG)
   1. Propane and CNG are less energetic fuels than petroleum diesel and require more gallon-equivalents to do the same work.
      i. However, developments with engine efficiencies are closing that gap.
      ii. Both are far cleaner than diesel vehicles, and do not require emissions fluid, particulate filters or other specialized emissions equipment.
   2. In most cases, both CNG and LPG are less expensive that diesel or gasoline.
      i. As a rule, engines using them last longer than equivalent diesel models.
      ii. However, using either fuel means employee training and certification, along with possible facility modifications.
   3. Compressed hydrogen is a zero emission fuel option that is not readily available in the KC metro and is prohibitively expensive to pilot.

c. Compressed Natural Gas (CNG)
   1. CNG can be used in all weight classes in vehicles built or converted to run on CNG.
      i. These can be dedicated (CNG only) or bi-fuel (powered by both CNG and gasoline).
   2. CNG requires dedicated fueling sites.
      i. These can be fast-fill, which fills the tanks in similar time as diesel, or time-fill, using a low pressure connection to fuel many fleet vehicles at once, typically overnight.
      ii. Existing public and shared private CNG fueling stations in the KC metro may help meet a new fleet need for CNG fueling.

d. Propane Autogas (LPG or autogas)
   1. Propane is available for light and medium vehicle classes.
      i. Vehicles may be built or converted to run on propane in either dedicated or bi-fuel configuration.
   2. Propane is stored in liquid form and dispensed from fueling stations or trucks.
      i. Public LPG fueling stations are rare, due to State dispensing codes, and may be limited by hours of operation.
      ii. Dedicated fleet stations are relatively inexpensive
      iii. Not all propane distributors are equipped to assist a fleet with Autogas, so ask around.
   3. Propane is a fossil fuel; renewable propane is a new development
      i. Like CNG, it is odorless but scented by distributors for safety.

Vendor's Initials:  
II. Propane is heavier than air and non-toxic, and in most cases does not require garage modifications.

e. Plug-In Electric Vehicles

1. Plug-In Hybrid Electric Vehicles (PHEVs) combine an electric motor and gasoline engine.
   i. Unlike conventional hybrids, PHEVs can travel anywhere from 15 to 50 miles on electric power alone.

2. Battery Electric Vehicles (BEVs) are fully electric and use no petroleum fuels.
   i. BEVs can travel between roughly 100 and 300 miles per OEM specs, though weather and HVAC use will limit estimated ranges.

3. Charging times range from 1-2 hours for PHEV or 4-8 for light duty BEVs using Level 2 systems.
   i. PHEV may not use high-speed DC chargers.
   ii. BEV equipped with J1772/SAE combo or CHA DE MO DCFC options can charge in 20-50 minutes using high-speed chargers.

4. Most PHEVs and BEVs now on the market are passenger cars, SUVs and light trucks, though the variety of electrified medium-duty trucks, buses and shuttles offered by OEMs is increasing rapidly.

f. Mid-Level and High-Level Ethanol Blends

1. E85 refers to blends of ethanol and gasoline ranging from 51% to 85% ethanol content by volume.
   i. Ethanol content varies, depending on the season, but E85 is always marketed as E85, and generally costs 25-40% less than regular gasoline. B20 is a common biodiesel blend in the United States.

2. E10 (10% ethanol) is a standard gasoline blend in the U.S.
   i. Ethanol is used as an octane booster and replaces toxic aromatics (such as toluene and benzene) that are used when ethanol is not.

3. E15 is increasingly common and is certified for any vehicle built in 2001 or later, but only designated FlexFuel vehicles are certified for blends with more that 15% ethanol.
   i. Mid-Level Blends (between 15% and 30%) are available

4. Gasoline engines built since 2007 (or earlier) can efficiently use ethanol, and there is no MPG loss for low fuel blends.
   i. Custom blends can be blended and delivered to your gasoline fueling site.

g. Biodiesel and Renewable Diesel

1. Biodiesel is a renewable fuel produced from fats, oils and grease (FOG) for use in diesel engines.
   i. B100 (100% biodiesel) can be used, but lower blends are more common.
   ii. These range from B2 to B20, with Petroleum ULSD making up the rest of the blend.
   iii. Fleets using biodiesel often purchase set blends from distributors rather than at public stations.

2. Biodiesel has a higher cloud point than petroleum diesel, which can lead to cold-weather performance issues.
   i. It is an extremely effective solvent, and using biodiesel in older diesel engines can cause problems (as deposits loosened from these engines clogged filters and injectors) if frequent filter changes are not scheduled when biodiesel is first introduced.

3. Renewable diesel is produced from FOG using a process that is less efficient and clean than biodiesel; however, renewable diesel is chemically and operationally indistinguishable from ULSD.
   i. It is not yet readily available in the KC metro area.

h. Check the Metro Energy Center website for additional information concerning Alternative Fuel options.

1. www.metroenergy.org

2.1.10 Vendors MUST meet the Minimum Standard Specification of every item listed in the Standard Vehicle portion of the Detailed Specifications of Exhibit A for all vehicles bid or the bid may be rejected.

a. If Minimum Standard Specifications cannot be met, Vendor shall note such exceptions in Exhibit A.

Vendor's Initials: [Signature]
b. If Make/Model has additional Standard Equipment not listed in Minimum Standard Specifications, Vendor must list Equipment and Manufacturer’s Codes for all additional Standard Equipment not listed using a separate sheet noting Item Number, Group Number, Equipment Description, and Manufacturer Code(s).
   1. Vendor shall supply an available options sheet for every vehicle bid, including any Manufacturer Codes and pricing that reflects requested MSRP discount from Exhibit A; Table 5.

c. After Award, participating Entities, Agencies and/or Jurisdictions may purchase the specified vehicle and choose to have options, accessories, equipment, features, products, etc., (hereafter referred to as “options”) added or deleted.
   1. Such options will generally be considered “OEM” (original equipment manufacturer), but may be from other suppliers that the OEM may utilize and/or may be considered part of the OEM’s standard line of products for the vehicle involved.
   2. The options would normally be readily available from the “factory” when the OEM is building the vehicle and would normally be expected to be listed in the OEM’s offering of options.

2.1.11 MSRP and Options

a. The pricing for every possible available option is not shown within the bid documents.

b. All options, when available, shall be factory OEM (original equipment manufacturer) installed.
   1. When dealer installed options are bid, please note on the bid document that these options are not factory installed.

c. During the course of the Agreement year, other Departments, eligible Entities, Agencies and/or Jurisdictions may need to order vehicle options or specific customizations items not specifically listed in this Agreement.

d. Vendor shall state any discount off MSRP list price for all equipment and/or options in Exhibit A: Pricing Table 5.

e. For pricing on options not shown within the bid documents, use the following websites for your initial search.
   1. Dodge Vehicles - [www.dodge.com](http://www.dodge.com)
   2. General Motors Vehicles - [www.gmfleet.com](http://www.gmfleet.com) (will need a fleet number from dealer)
   4. Jeep Vehicles - [www.jeep.com](http://www.jeep.com)
   5. Ram Vehicles - [www.ramtrucks.com](http://www.ramtrucks.com)

f. Buyers are encouraged to contact the respective dealers to provide current pricing and confirm what option packages are required to meet individual needs.

2.1.12 Clay County or other Entity, Agency and/or Jurisdiction reserves the right to negotiate lower pricing, in the event of a significant decrease in market price of any product/service listed.

a. If the Vendor’s normal pricing to the public or to the trade in general is less than the net Agreement pricing with the application of an Agreement discount, etc., then the normal pricing to the public or to the trade in general shall also be granted by Vendors to Agreement participants.

2.1.13 Government Mandated Program Price Adjustment

a. An adjustment in price may be permitted if a government mandated program such as a new standard for emissions takes effect and suitable documentation is furnished to the State and the State determines the requested price change is verifiable and is reasonable.

b. Such a price adjustment may be permitted for only a limited time since such an adjustment would eventually be reflected in the MSRP.

Vendor’s Initials: [Signature]
2.1.14 Trade-In Valuation
   a. Vendor shall state any Minimum Guaranteed Trade-in values on all types of Vehicles so that participating agencies can utilize this option for disposition of vehicles in their current fleet.
      1. See Pricing Table 4: Optional Pricing.

2.1.15 Exceptions
   a. Attach additional pages in the appropriate sections of this bid for any exceptions that cannot be explained in the fields provided, noting Item Number, Group Number, Vehicle Make and Model where appropriate.

2.1.16 Truck Cab Descriptions
   a. Various vehicle manufacturers describe the variety of truck cab descriptions available in different ways.
   b. The following descriptions will be used throughout this IFB to describe the cabs, number of doors, etc.

   ![Cab A](image1)
   Cab "A"
   2 doors
   no back seat

   ![Cab B](image2)
   Cab "B"
   2 front-hinged doors
   front & back seats

   ![Cab C](image3)
   Cab "C"
   4 full size doors, front hinged
   front & back seats (Crew Cab)

2.2 Vehicle Delivery Requirements

2.2.1 Delivery must be made between the hours of 8:00 a.m. and 12:00 Noon or 1:00 p.m. and 4:00 p.m., Monday through Friday, Central Time.
   a. Deliveries shall not be made on State or County holidays, or holidays otherwise observed by the accepting Entity, Agency and/or Jurisdiction.
   b. The Vendor shall notify the County a minimum of twenty-four (24) hours prior to delivery of the vehicle to the County location.
   c. The Vendor must understand and plan accordingly that upon delivery the County representative must verify the vehicle delivered has all required equipment and options and that nothing was damaged during the delivery of the vehicle.
      1. If something is damaged during delivery of the vehicle, the Vendor shall address in accordance with the paragraphs below relating to repair or replacement of damaged product.
   d. Each vehicle shall be delivered with the proper forms to apply for State Title and License including the Manufacturer’s Statement of Origin and Invoice.
      1. The invoice/title for all alternative fuel vehicles must clearly indicate the vehicle is alternative fuel (e.g. flex fuel (FFV) or E-85, etc.).
   e. Each vehicle shall be delivered with the owner’s manual.
   f. The Vendor shall comply with the manufacturer’s recommended pre-delivery service.
   g. In the event the Vendor fails to deliver the vehicle by the stated ARO time, Clay County reserves the right to find the same or similar vehicle from another source, and to charge the Vendor the difference for the substitution.
      1. In assessing the applicability of this provision, Clay County will consider the degree of Vendor responsibility in the delay.
   h. The Vendor shall understand and agree that the delivery charges shall not be applied nor invoiced to vehicles purchased by and delivered to Missouri state or county agencies.

Vendor’s Initials: [Signature]
1. Any delivery charges shall only apply to public entities making purchases through the Missouri Cooperative Procurement Program.

2. The Vendor shall be entitled to receive the per mile delivery price or the guaranteed, not-to-exceed total delivery price per vehicle which can only be assessed for delivery of a vehicle to any cooperative entity throughout the State of Missouri or State of Kansas.

3. The Vendor, at their choosing, may charge a delivery fee when delivering vehicles outside of a 25-mile radius from their dealership.
   i. This fee may be taken into consideration by agencies when determining a lowest total cost for a vehicle.

4. If the Vendor proposes both the per mile delivery price and the guaranteed, not-to-exceed total delivery price, the Vendor shall understand that the total delivery price assessed by way of the per mile price shall not exceed the guaranteed-not-to-exceed total delivery price per vehicle.
   i. The lesser of the two prices shall be charged to the public entity.
   ii. See Exhibit A; Pricing Table 2: Other Required Pricing

2.2.2 Repair or Replacement of Damaged Product:
   a. The Vendor shall be responsible for repairing any item or components received in damaged condition at no cost: to Clay County.
   b. Bids will be accepted only on vehicles that can be serviced by a dealer located in Missouri or Kansas.
   c. Successful Bidders must maintain service under the terms of the warranty and warranty where replacement parts may be obtained.
   d. If the Vendor is not located Missouri or Kansas, they must indicate the name and address of an authorized dealer in the area mentioned to serve as a pick-up point.
   e. The Vendor will be responsible for towing or transportation arising out of any condition due to the manufacturer's fault.
      1. In the event the item cannot be repaired or if the repair would otherwise compromise the integrity of the vehicle and the manufacturer warranty, then the Vendor must replace the item or component in its entirety at no additional cost to the County.
      2. This includes all delivery/transportation costs for returning non-functional items to the Vendor for replacement.

2.3 Lease/Purchase Agreements

2.3.1 Some participating entities may wish to use a lease/purchase method of acquisition.
   a. If this method is utilized, that eligible Entity, Agency and/or Jurisdiction using it will be responsible for the method of payment to the dealership and will assume all responsibility for any accompanying paperwork.
   b. Clay County, Missouri will assume no responsibility for lease/purchase agreements by other participating entities.
   c. Dealerships that wish to be considered for financing arrangements should submit a statement of such intentions with their bid.
   d. Each Entity, Agency and/or Jurisdiction reserves the right to arrange financing with any company that it chooses.
   e. Alternate lease/purchase pricing may be submitted, by writing the leasing information through Exhibit C and Indicating Item Number and Group Number for all vehicles on which Vendors intend to make such an offer.

Vendor's Initials: JF
2.4 Participating Entities, Agencies and/or Jurisdictions Individual Agreement Requirements

2.4.1 Clay County will participate in the Agreement from the onset.
   a. The County reserves the right to add additional Counties, eligible Entities, Agencies and/or Jurisdictions to this Agreement during the Agreement period.
      1. For a list of the initial participating Agencies see Attachment 2 of this document.
   b. Clay County Missouri Municipal Code of Ordinance
      1. Section 37.09. — Sales Tax
         i. The County is exempt from the paying all local and state taxes or federal excise taxes.
         ii. A copy of the state sales tax exemption certificate can be obtained from the Purchasing Office and must be sent with the purchase order to any new Vendor not already approved by the County.

2.4.2 Jackson County, Missouri:
   a. The Vendor’s attention is directed to all federal, state and city laws of the County of Jackson to equal employment opportunity which, among other things, requires that the Vendor agree not to discriminate against any employee or applicant for employment because of race, creed, color, national origin, or sex.
   b. All Vendors shall complete the Jackson County, Missouri Compliance Report Form and Affidavit Form (See Attachments 3 and 4).

2.4.3 For Kansas Entities or Agencies; Kansas law prohibits anyone selling motor vehicles from “engaging in business in this state” without being properly licensed, K.S.A. 8-2403.
   a. New motor vehicles may not be delivered to a purchaser in Kansas except through a licensed dealer in Kansas K.S.A. 8-2439.
   b. Dealer licensing information for the non-resident Vendors shall be included with the bid package or bid may be rejected.
   c. To comply with this law, dealers not licensed in Kansas may sell vehicles to Kansas entities, but the dealer cannot deliver into Kansas or complete any documentation in the state of Kansas.

2.5 Miscellaneous Information

2.5.1 The Vendor should respond to the information requested in all Sections, Exhibits and Attachments.

2.5.2 Due to complex nature of the Bid and Exhibit tables, results will not be read aloud or otherwise indicated at the Bid Opening date and time.
   a. Results will be made available by request once Bid Tabulation has been completed and Award(s) of Bid have been made.
3. **AGREEMENT TERMS AND CONDITIONS ACKNOWLEDGEMENT FORM**

The undersigned Vendor has read, understood, and accepted the Terms and Conditions as published on the Clay County Official Website located at:

HTTPS://WWW.CLAYCOUNTYMO.GOV/TERMSANDCONDITIONS

All terms and conditions as stated shall be adhered to by Vendor upon acceptance of Agreement. Vendors enter into this agreement voluntarily, with full knowledge of its effect.
